REQUIRED SPECIFICATIONS

All materials must comply with MoDOT Specification #MGS-92-13C and any other provisions outlined in the solicitation documents. **THE NORTHEAST DISTRICT WILL ONLY ACCEPT “TYPE S” CORRUGATED POLYETHYLENE CULVERT PIPE AS DESCRIBED IN SECTION 2.1 (corrugated surface outside and smooth inner liner).** The material to be supplied must comply with the requirements of Section 1047 of the Missouri Standard Specifications for Highway Construction, Edition of 2011, and any revisions thereto, unless modified by these specifications. **FURTHERMORE, THE NORTHEAST DISTRICT WILL ONLY ACCEPT PLAIN END PIPE (PLAIN END – BANDABLE – ONLY). BELL & SPIGOT END PIPE OR SNAP-TOGETHER POLY PIPE WILL NOT BE ACCEPTED.** * Materials must be sourced from vendors on MoDOT’s approved list “Qualified Fabricators of Corrugated Polyethylene Culvert Pipe” (FS-1047 Table 1).

*** INITIAL ORDER QUANTITIES AND FUTURE ORDERS**

Bidders must submit pricing on all line items listed on page 1 (above). The quantities above represent pending requests which will be placed as initial orders (subject to slight adjustments if needed). Note: For the items who’s quantities are marked with an asterisk (*), there are no pending requests for these sizes, so a minimum quantity is listed for the purposes of establishing a unit price for those items as well, in case there may be a need for those sizes during this contract period. **The unit prices quoted for each line item will be the unit pricing used for all future orders, which will be placed on an as-needed, if-needed, basis throughout the duration of the contract period (through March 31, 2015).** This agreement shall be extendable for up to two (2) additional 1-year periods (through March 31, 2015, and through March 31, 2016) if acceptable to all parties. The quantities listed are MoDOT’s best estimate of needs at the time of the solicitation posting. MoDOT reserves the right to increase or decrease quantities based upon budget constraints or changes in project requirements. The final quantity ordered by MoDOT shall be furnished at the same unit price.

STANDARD PIPE LENGTHS

The MoDOT Northeast District understands standard pipe lengths are 10, 20, 24, and 30 foot joints. We also understand other “odd size” lengths may be ordered up to a maximum of 30 feet, but longer lead times may occur when ordering non-standard size pipe lengths. If your standard lengths are different than these, please make note of your standard sizes, and available minimum and maximum lengths below.

F.O.B. REQUIREMENTS, TAX EXEMPTION & FEES

Price all materials as F.O.B. Destination. Delivery cost must be included in the unit price(s) & not listed separately. MoDOT is tax exempt. No additional fees, such as tire, battery, environmental fees, or fuel surcharges, will be accepted on any solicitation or purchase. Instead, these types of fees should to be buffered into your unit pricing.

BID TABULATION AND AWARD

Award of this solicitation will be made on an “All Or Nothing” basis using the “lowest and best” principle of award. **Since pipe joint lengths (minimum and maximum footages) may vary slightly from vendor to vendor, we require each bidder to submit their pricing on their “per foot” or “each” rate and use the quantities listed for price extensions. Do not alter any of our listed quantities.** We will use these quantities to equally compare bids and use those calculations to determine the “lowest and best” bidder in conjunction with delivery time and other factors to make our award decision. After the award decision is made, and before P.O.’s are issued, we will work with the awarded vendor to adjust the actual pipe footage and band quantities ordered to best match the available footages for that manufacturer (refer to Standard Pipe Length section above) with the amounts that will best meet our project requirements.

LIQUIDATED DAMAGES

In the event the Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that **the sum of \$150.00 per day, per item**, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages. Saturdays, Sundays, holidays and days whereas the Department has suspended work shall not be assessable days.

Bankruptcy or Insolvency

Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntarily, or upon the appointment of a receiver, trustee, or assignee, for the benefit of creditors, the Commission reserves the right and sole discretion to either cancel the Agreement or affirm the Agreement and hold the Contractor responsible for damages.
